AFFAIRS OF THE DISTRICT

Water Rent for Georgetown University Hospital Annex.

The Attorney Holds That Free Sered to Sell Furniture in Storage.

A few days ago Dr. Francis S. Machen, resident physician of the Georgetown University Hospital, requested that the premises 3514 N Street northwest be exempted from water tax on the ground that they are a part of the hospital. The matter, after being reported upon by the Water Department, was referred to the Attorney for his opinion, Yesterday Mr. Duvall submitted his opinion, as follows:

"The Water Registrar states that the Georgetown University Hospit d has been and is being furnished with Potomac water free of charge. It appears that No. 3514 N Street is in immediate contact with the hospital and is used by the sisters in charge of the hospital as a place of residence, and that the washing for the pa-tients is done there.

"The act of Congress approved June 30, 1898, contains the following provision with reference to the furnishing of Potomac

The Commissioners of the District of Columbia are hereby authorized to fur-nish Potomac water without charge to orphan asylums and charity schools and to such institutions as receive annual appropriations from Congress, to an amount to be fixed in each case by the Commissioners, not to exceed the rate of 100 gallons per average capita of inmates per diem; and for all water used beyond such an amount the institution shall be charged at the prevailing rate for the use of water in the District. They are fur-ther authorized to furnish Potomac water without charge to churches to an amount to be fixed in each case by the said Commissioners, any amount in excess to be

charged as herein before provided. "The above mentioned house, 3514 N Street, is not an institution receiving an annual appropriation from Congress, nor is it an orphan asylum, charity school, or is it an orphan asylum, charity school, or church, but it is the private residence of the sisters in charge of the hospital.

"I am unable to advise that because the washing for the hospital patients is done at said premises the Commissioners are authorized to furnish Potomac water thereto without charge."

It is understood that the action of the Commissioners will be based upon the foregoing opinion, and that Dr. Machen will be informed in accordance therewith.

A. B. Duvall, Attorney for the District, has rendered an opinion to the Commis-sioners on the legal points involved in the request of W. H. Grimshaw, of 247 Tenth Street northeast, to pay taxes for the years from 1896 to 1964, inclusive, on lot 16, square 1069, without penalties and interest. The Attorney's opinion is as

"The Assessor's favorable recommendation is based upon the allegation that the property was improperly transferred from W. H. Grimshaw to Horace S. Cummings on the assessment books under a deed dated October 11, 1889, from the heirs at law of Stepheny Forrest; and that the title of the owner, said W. H. Grimshaw. was finally established April 20, 1991, by a decree of the Supreme Court of the District of Columbia.
"The Supreme Court of the United

Property Clerk of the Police Department, who requested permission to advertise and sell at public auction furniture, etc., found by the police in December, 1899, in front of and adjacent to premises 607 Sixth Street northwest. Mr. Kemp states in his struck Bentley's sister. application that his request is made beause the owner of the property has not called at Headquarters to take possession of it, though the supposed owner has been notified several times, through her attorneys, that it would be returned to her as soon as she proved ownership.

According to a letter written to the Commissioners last May, Richard P. Evans, attorney, the property in question belongs to Miss Mary E. Kelly. The facts in the case are that the goods were found on the sidewalk and in the street at the point named, and that, after lying there some days, they were taken charge of by the police and turned over to the propthe police and turned over to the property clerk for safe keeping. The goods were placed in storage, and last May a bill of \$160 had accumulated for storage, and at that time it was suggested that the goods be sold to pay the storage expenses. Afterward, acting upon the advice of the Comptroller of the Treasury, the storage expenses were paid by the District and the goods placed where no further expense for storage would be incurred.

The property has been in the hands of the property clerk since 1899, and action has been taken by the owner every six months to keep intact the ownership of the goods. The Commissioners now think the matter has gone far enough, and steps will be taken to dispose of the property so as to reimburse the District for the amount paid for storage.

Lieut L. H. Hollinberger, of the Fourth

Lieut. L. H. Hollinberger, of the Fourth Police Precinct, has forwarded to Headquarters the report of Private Edward Wortz, relative to the taking away from the hooks the key of the cell room and a cell, by Alfred West, the janitor, without permission. It appears that the unitor. while the attention of the desk sergeant was occupied, took from the hook the keys of the cell room and the cell where a female prisoner was confined. He was afterward found in the cell with the wo

In reporting the matter to the Superior endent, Lleutenant Hollinberger stated that the janitor had violated the rules of the stationhouse relative to the keys. He declared that the janitor had deceived the desk sergeant, and that the matter was one of discipline.

Major Sylvester, in reporting the matter to the Commissioners, recommended that West be removed. He stated that the department had experfemed several embarrassing escapes from the station-houses, and the licutenants, in order to be afforded that security which is absolutely necessary, should not experience a violation of orders such as this was.

Major Sylvester stated that he failed to see any sufficient reason for the janitor to enter the woman's cell, which, in itself, in his opinion, was a cause for West's removal. Major Sylvester aiso stated that information received from the lieutemant of the precinct showed that the janitor was not up to the standard in his work. He declared that the janitor had deceived

The Commissioners voted yesterday that West be removed from duty, and that James Strothers be appointed to fill the vacancy, the appointment take effect August 19.

Take Sunday Dinner at "Cabin John All the delicacies, served in most inviting style. Band concerts afternoon and evening. \$1.25 to Baltimore and Return Via B. & O. Saturday and Sunday, August 17 and 18.

A REPLY TO BRICKLAYERS.

Cannot Be Changed Now. Acting Secretary Hackett has decided that the Navy Department cannot allow the increase of wages requested by the bricklayers employed at the Washington Navy Yard. He holds that the matter of wages was determined by the labor board, vice Is Unwarranted - Police De-partment Property Clerk Authoriz. Which fixed the scale for bricklayers at partment Property Clerk Authoriz. cember 31. He has addressed a communisponding Secretary of the Bricklayers' Union, who was a member of the com-mittee which waited upon him last Monday and requested that the wages of the

day and requested that the wages of the union men at the yard be advanced to the rate paid by individual employers. The letter is as follows:

"Referring to the interview on Monday last, had with your committee representing the Bricklayers' Union. Washington, D. C., in which the department was requested to increase the rates of pay fixed by the board on wages for brick masons at the Washington Navy Yard, for the six months ending December 31, 1991, the department has to state that it has been customary for years to pay to employes department has to state that it has been customary for years to pay to employes the rates of wages fixed by the board for the period named under the regulations without reference to changes made by private establishments during that period

private establishments during that period.

"After wages at myy yards have been fixed for the definite period in the regular manner by the department, the fact that wages at private establishments drop below the standard recommended by the board for that period, would not affect the then current schedule but the subject would be taken up for consideration at the next regular meeting of the board. The present sates have been fixed for the six months ending December 31, 1991, in accordance with the prevailing wages in this vicinity at the time the board was in session.

"It is not practicable to convene the board at more frequent intervals than once in six months, and it is out of the question to convene it at irregular intervals to meet special cases."

THREE DEFENDANTS IN A CASE.

Contractor Sued for Damages. John W. Koontz yesterday filed suit against the District, the Anacostia and

Potomac River Railroad Company, and James K. Murphy, to recover \$29,000, claimed as damages for personal injuries, claimed as damages for personal injuries.

The plaintiff alleges that on March 4 last he feli into a hole near the intersection of South Capitol and E Streets and was seriously and permanently injured. As a result of his injuries Koontz states that he had to be taken to Providence Hospital in a wagon and remain there for five weeks for medical treatment.

At the time of the accident, he claims, an excavation was being made by the District authorities for the purpose of laying a sewer in E Street; that James K. Murphy was the contractor for the work, and that the excavation was not properly enclosed or barricaded.

On the date mentioned, Koontz was a passenger aboard one of the cars of the Anacostia and Potomac River Railroad Company, and was thrown off, he claims, while the car was going around the curve, and was precipitated into the excavation. Padget & Forrest are named as counsel for the plaintiff.

SUES FOR ALLEGED SLANDER. Moses Goldstein Claims \$5,000 Dam

ages From Aaron Goldman. Moses Goldstein yesterday filed suit against Aaron Goldman to recover \$5,000 laimed as damages for alleged slanderous statements which the defendant is said to have made concerning the plaintiff. In his declaration Goldstein states that Goldman "wickedly and maliciously," for the purpose of bringing him into ill repute among his neighbors, caused him to be suspected of receiving a pension by fraud and for insanity. On August 7 instant, he declares that in the office of Justice of the Peace Strider, in the presence of several persons, Goldman said, referring to the plaintiff, "That man is crazy. He draws a pension from the Government for being insane."

This statement was made, Goldstein declares, while he was testifying in a suit statements which the defendant is said

STOLEN SENATE SILVERWARE. Found in the Trunk of a Colored

Man in Boston. There has been nothing further learned oncerning the alleged finding of a lot of silverware with the name of Page, pro-prietor of the Senate restaurant, upo it, in the trunk of a young negro, John Orr, at Boston. John Orr is said to have

been arrested by the Boston authorities on complaint of his brother, James C. Orr. who was formerly a waiter in the orr, who was formerly a waiter in the Senate restaurant.

It is alleged that James claims that John stole \$300 from him. John Orr will be turned ever to a United States rearshal and it is probable will be brought back to Washington by Detective Boyd, who is now in Boston.
